## Legislative framework

The Municipal Budget and Reporting Regulations (MBRR) are designed to achieve a range of objectives, including improving the local government sphere's ability to deliver basic services by facilitating improved financial sustainability and better medium-term planning and policy choices on service delivery.

This report has been prepared in terms of the following legislative framework:

- The Municipal Finance Management Act – No. 56 of 2003, Sections 71 & 52,
- and The Municipal Budget and Reporting Regulations

The MBRR highlights the format of the monthly budget statements.

*28. The monthly budget statement of a municipality must be in the format specified in Schedule C and include all the required tables, charts and explanatory information, taking into account any guidelines issued by the Minister in terms of section 168(1) of the Act.*

The objective of these Regulations is to secure sound and sustainable management of the budgeting and reporting practices of municipalities by establishing uniform norms and standards and other requirements for ensuring transparency, accountability and appropriate lines of responsibility in the budgeting and reporting process and other relevant matters as required by the Act.

## **Report of the Executive Mayor**

In accordance with Section 52(d) of the Municipal Finance Management Act, I submit a report to the council within 30 days after the end of the first quarter of 2024/25, on the implementation of the budget and the financial state of affairs of the George Municipality.

The submission of this report forms part of the general responsibilities of the Mayor of a Municipality and is intended to inform and enable the council to fulfil its oversight responsibility.

### **EXECUTIVE MAYOR**

## **Recommendations**

- (a) Council notes the contents of this report and supporting documentation for the 1<sup>st</sup> quarter of 2024/25 financial year.
- (b) The directors ensure that the budget is implemented in accordance with the Service Delivery and Budget Implementation Plan projections and that spending of funds and that revenue collection proceeds in accordance with the budget.

## Part 1: Executive Summary

### 1.1 Consolidated performance

This report is a summary of the main budget issues arising from the in-year monitoring process. It compares the progress of the budget to the projections contained in the Service Delivery and Budget Implementation Plan (SDBIP).

Furthermore, it compares the quarterly projections for service delivery targets and performance indicators contained in the SDBIP, against the actual outcomes of the municipality's performance in service delivery for the 1<sup>st</sup> quarter of 2024/25.

The following table summarises the overall position on the capital and operating budgets. Take note that the Operating Expenditure only reflects the direct expenditure and exclude all indirect expenditure e.g. Administrative Recharges.

## Quarterly Budget Monitoring Report

The Debtors age analysis includes only those consumer amounts which have become due and not the future amounts which will only fall due in coming months for consumers who have chosen to pay their rates and service charges on an instalment basis.

At the end of September 2024, an amount of R550 million (gross debtors – the provision for bad debt has not been considered) was outstanding for debtors, with R334.9 million outstanding for longer than 90 days.

The following graph compares the debtor's age analysis end of September 2024 to the same period last year:

### **Debtors Collection rate:**

The collection rate for September 2024 was 95.22%, the year-to-date collection rate is 88.88%

Included in the billed revenue to date is yearly billing of R 24 899 117, for clients which is only due end of September 2024. Due to the fact that the municipality account for revenue on the accrual basis the yearly billing cannot be excluded from the calculation, thus the ratio will always be below the norm for the 1<sup>st</sup> quarter of the financial year due to the yearly billing of clients.

Section 9 (1) of the Budget and Reporting regulations states that the accounting officer of a municipality must report on the investment portfolio of the municipality at the end of the month. The cash flow of the municipality is monitored regularly and from time-to-time cash flow surpluses are invested at financial institutions in order to maximise the interest yield.

## Disclaimer

*This Quarterly Performance Assessment Report is based on reported information only and is un-audited. This report is subject to change on finalisation of the internal Performance Audit Report for the 1<sup>st</sup> Quarter of the 2024/2025 financial year.*

## **1. Purpose**

The purpose of this report is to inform Council of the progress made with the implementation of the Key Performance Indicators (KPIs) in the realisation of the development priorities and objectives as determined in the Municipality's Integrated Development Plan (IDP) as well as in the Revised Top Layer (TL) Service Delivery and Budget Implementation Plan (SDBIP) for the first quarter (01 July – 30 September 2024) of the 2024/2025 financial year.

## **2. Legislative Requirements**

- 2.1 The SDBIP is defined in terms of Section 1 of the Local Government: Municipal Finance Management Act, 56 (Act 56 of 2003) (MFMA), and the format of the SDBIP is prescribed by the MFMA Circular 13.
- 2.2 Section 41(1)(e) of the Local Government: Municipal Systems Act, 32 (Act 32 of 2000) (MSA), prescribes that a process must be established of regular reporting to Council.
- 2.3 This report is a requirement in terms of Section 52 of the MFMA which provides for:
  - 2.3.1 The Executive Mayor, to submit to council within 30 days of the end of each quarter, a report on the implementation of the budget and financial state of affairs of the municipality.
  - 2.3.2 The Accounting Officer, while conducting the above, must consider:
    - a. Section 71 Reports; and the
    - b. Performance in line with the SDBIP.

## **3. Performance Assessment Process**

- 3.1 The SDBIP consists of a TL as well as a Departmental Plan for each department.
- 3.2 For purposes of reporting, the TL SDBIP is used to report on the organisational performance of the Municipality to Council and the Community.
- 3.3 The TL SDBIP measures the achievement of performance indicators with regards to the provision of basic services as prescribed by Section 10 of the Local

Government Municipal Planning and Performance Regulations of 2001, National Key Performance Areas and Strategic Objectives as detailed in the IDP of the Municipality. The approved TL SDBIP 2024/2025 was approved by the Executive Mayor on 03 June 2024.

- 3.4 The Departmental SDBIP measures the achievement of pre-determined performance indicators that are based on operational service delivery requirements aligned to the TL SDBIP. The Departmental Plans have been approved by the Municipal Manager.
- 3.5 The Quarterly Performance Assessment Report is structured to report on the following five (5) Strategic Objectives (SOs):
- Develop and Grow George (SO 1);
  - Safe, Clean and Green (SO 2);
  - Affordable Quality Services (SO 3);
  - Participative Partnerships (SO 4); and
  - Good Governance and Human Capital(SO 5)
- 3.6 The overall assessment of actual performance against targets set for the KPIs as documented in the SDBIP are illustrated in terms of the following assessment methodology:

**Table 1: Explanation of Colour Codes**

| Colour | Rating | Category                 | Percentage/Score            |
|--------|--------|--------------------------|-----------------------------|
|        | 1      | Unacceptable Performance | 0% >= Actual/Target < 75%   |
|        | 2      | Not fully Effective      | 75% >= Actual/Target < 100% |
|        | 3      | Fully Effective          | Actual/Target = 100%        |
|        | 4      | Above Expectation        | 100% > Actual/Target < 150% |
|        | 5      | Outstanding Performance  | Actual/Target >= 150%       |

- 3.7 The Performance Management System is a web-based system, and it uses, as its basis, the approved SDBIP. The SDBIP is a layered plan comprising of the TL SDBIP and Departmental SDBIPs.
- 3.8 Performance reports on the TL SDBIP are submitted to the Mayoral Committee and Council on a quarterly, half yearly (Mid-Year Budget and Performance Assessment Report) and annual basis (annual amendments to the TL SDBIP must

be approved by Council following the submission of the Mid-Year Budget and Performance Assessment Report and the approval of the adjustments budget).

#### **4. Performance Management System**

- 4.1 The Municipality utilises an electronic web-based system that is monthly updated with actual performance.
- 4.2 The system closes every month between the 10<sup>th</sup> to the 15<sup>th</sup> day for updates of the previous month's actual performance as a control measure to ensure that performance is updated and monitored on a monthly basis. No access is available to a month's performance indicators after closure of the system. This is to ensure that the level of performance is consistent for a particular period in the various levels at which reporting takes place. Departments must motivate to the Municipal Manager should they require the system to be re-opened once the system is closed.
- 4.3 The system provides management information in graphs and indicates actual performance against targets. The graphs provide a good indication of performance progress and where corrective action is required.
- 4.4 The system requires KPI owners to update performance comments for each actual result captured, which provides a clear indication of how the actual was calculated/reached and serves as part of the Portfolio of Evidence (PoE) for auditing purposes.
- 4.5 In terms of Section 46(1)(a)(iii) of the MSA, the Municipality must reflect annually in the Annual Performance Report on measures taken to improve performance, in other words targets not achieved. The system requires corrective actions to be captured for targets not achieved.

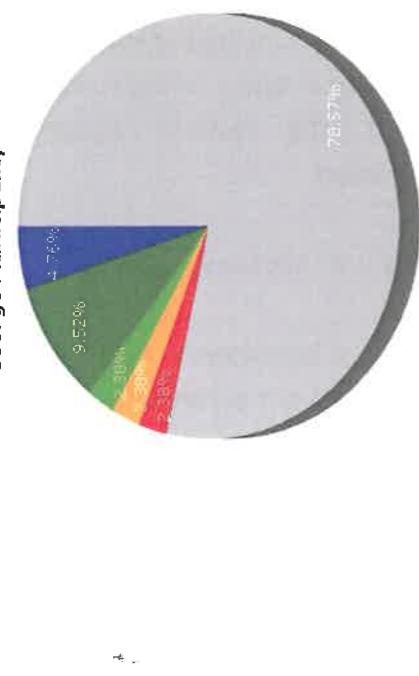

#### **5. Actual Performance for the first Quarter (01 July – 30 September 2024)**

- 5.1 The approved TL SDBIP contains performance indicators per KPA and comments with corrective measures with regard to targets not achieved.
- 5.2 A detailed analysis of actual performance for the first quarter of the financial year 2024/2025 is provided for in section 7 of this report.
